**Sub.:** Worldwide proficiency of health services in collaboration with United Nations Association of USA (UNA-USA) and WomensHealthSection.Com, and all countries willing to participate in the project.

\*\*\*\*\*

Dear Dr. Luthra,

Kindly refer to your communication dated 21<sup>st</sup> August, 2002 which reached me through Dr. (Mrs.) S. Kataria, Ex-Director General Health Services, UT, Chandigarh with respect to the above mentioned subject.

I remember Dr. Kataria having discussed this issue with me last year also but somehow I was not able to write to you. I appreciate WomensHealthSection.com and United Nations Association of USA for their efforts in helping countries and institutions to build a teaching curriculum. We would be very much interested to be a part of this programme and I would wish that sometime when you are in Chandigarh, we could talk over this project along with the Head, Departments of Obstetrics & Gynaecology and Psychiatry, PGI.

It was pleasure to know that you are ex-postgraduate student of this Institute and it would be our pleasure to associate with you for the betterment of any teaching programme for the Institute.

With regards,

Yours sincerely,

  
(S.K. Sharma)
