25 October 2004

Dear Dr Luthra,

Thank you for your letter of 15 October 2004 and congratulations to the Center on becoming associated with the UN-DPI. I would be pleased to share information about the Women's Health and Education Center with relevant WHO departments, however, it will also be helpful to have the following information as well:

- a copy of the Center's constitution or equivalent document;
- copies of its membership lists;
- list of its officers;
- copies of its annual reports for the past three years and audited accounts;
- copies of any evaluations of its projects and/or research reports produced by the Center;
- if produced, a copy of its publications/media catalogue.

I take this opportunity to thank you for your interest in the work of WHO.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Ms J.S. Matsumoto'.
