

THE WOMEN'S HEALTH AND EDUCATION CENTER

(W.H.E.C.)

Mission Statement

Established in 2001, in the United States of America (USA), The Women's Health and Education Center (WHEC) undertakes initiatives with the United Nations (UN) and the World Health Organization (WHO), to achieve the hopes and dreams of Sustainable Development Goals (SDGs). Education improves health, while health improves learning potential. Education and Health, together, serve as the foundation for a better world.

Join us to achieve: *Education for all & Health for all.*

In 2008, WHEC was granted, *NGO (Nongovernmental Organization) in Special Consultative Status with the Economic and Social Council (ECOSOC) of the United Nations*. The NGO has been actively working to advance the causes of peace, health and development, since its inception. It has vision to build infrastructure in developing countries and to create meaningful opportunities for girls and women to participate in global philanthropy. We embrace the tremendous diversity of people, religions, and cultures around the world. In support of this belief, we have established academic and cultural focus at icon institutions around the globe, to nurture our common interests and potential.

By supporting reproductive health and research, open dialogue and objective analysis, we lay the ground-work for mutual understanding among nations.

We Welcome Everyone – Join The Movement

Dedicated to Women's and Children's Well-being and Healthcare Worldwide
